SUMMARY

Motivated and aspiring **Web and Android Developer** actively seeking a position as an **Associate Software Engineer** to gain **hands-on experience** with modern development tools and contribute to building **innovative software solutions**. Skilled in developing **responsive websites** using **HTML**, **CSS**, **JavaScript**, and frameworks like **React**, **Node.js**, and **Next.js**, along with real-world **mobile applications** using **Java**, **Kotlin**, and **Android SDK**. Known for quick learning, effective communication, strong **problem-solving skills**, and a passion for collaboration in **team-driven environments**.

EXPERIENCE

ASSOCIATE SOFTWARE ENGINEER

InvenXen **June 2025 - July 2025**

- Worked on developing **web applications** using **React** and **Next.js**, focusing on building **scalable**, **responsive**, and **user-friendly interfaces** that align with modern web standards.

SOFTWARE ENGINEER INTERN

Analyzinn Solutions **July 2024 - August 2024**

- Completed a **Web Development Internship** focused on building **responsive web applications** using **Java**, **HTML**, and **CSS**, with hands-on experience in **React**, **JavaScript**, and **Node.js**, strengthening **frontend** and **backend development** skills.

WEB DEVELOPING INTERN

Dynasoft Cloud Pvt. Ltd **June 2024 - August 2024**

- Built and **automated business workflows** using **SuiteScripts** in **NetSuite** to **streamline business processes**, **optimize customer workflows**, and **enhance system functionality**, resulting in improved **efficiency** and **user experience**.

PROJECT

Attendance Management System

- Developed an **Attendance Management System** using **React** and **Next.js**, enabling **real-time tracking** and **management of student attendance**. Implemented **role-based access**, allowing administrators to manage users and records securely. Focused on building a **responsive UI**, **efficient state management**, and integrating **backend APIs** for smooth data operations. Designed for scalability and usability in academic environments.

MedGenAI – AI-Powered Medical Diagnosis Assistant

- Developed an **AI-powered medical diagnosis assistant** using **TensorFlow**, **Keras**, and **NumPy** to predict diseases from symptoms. Built a **responsive frontend** using **Next.js**, and deployed a **Flask API** with **modular routing** and **real-time Socket.IO support** for **secure**, **scalable healthcare interactions**.

Task Management Web Application

- Developed a **web-based Task Management System** using **Bootstrap**, **C#**, and **SQL**, enabling **efficient task assignment**, **status tracking**, and **real-time database updates**. Focused on creating a **user-friendly interface** and maintaining **data integrity** across operations.

Spotify

- Built a **responsive web application** using **HTML**, **CSS**, **Bootstrap**, and **PHP**, with a **SQL Server** backend. Implemented **user authentication** and **dynamic content rendering** through **database-driven PHP logic**.

Personal AI Life Assistant

- Developed an **intelligent personal assistant app** for **Android** using **Kotlin** and **Jetpack Compose**, featuring **task management**, **mood tracking**, and **smart scheduling**. Integrated the **Gemini API** and **Google ML Kit** for **natural language processing**, **voice input**, **OCR**, and **adaptive suggestions**.

Fitness App

- Developed a **fitness tracking app** using **Java** and **XML** in **Android Studio**, featuring a **user-friendly interface** for **workout logging**, **goal setting**, and **activity tracking**. Focused on **UI design** and **efficient data management**.

EDUCATION

BACHELOR'S DEGREE IN COMPUTER SCIENCE

FAST (National University of Computer and Emerging Sciences) • Lahore, Pakistan • 2026

- Currently pursuing a **Bachelor's in Computer Science (2022–2026)**, building a strong foundation in **programming**, with hands-on experience in **Object-Oriented Programming (OOP)**, **Data Structures**, and real-world projects spanning **web apps**, **mobile apps**, and **low-level programming**. Skilled in applying **theoretical knowledge** to **practical challenges**, while enhancing **problem-solving** and **project management** abilities.

SKILLS

Android Development: Kotlin, Java, XML
Web Development: HTML, CSS, JavaScript
Programming Languages: C, C++, Java, JavaScript, Kotlin, Python, SQL
Core Competencies & Soft Skills: Programming Fundamentals, Object-Oriented Programming, Data Structures, Algorithms, Database Management Systems, Team Collaboration, Leadership, Problem-Solving, Decision-Making
